COMPANY PROFILE _____

ABOUT US

DRBNA Transport L.L.C is one of the UAE's most reliable logistics and heavy-transport solution providers, specializing in the movement of construction materials, excavation waste, machinery, aggregates, and bulk cargo.

With a modern fleet of 2023-model trucks and a team of highly trained drivers, we support the UAE's construction, infrastructure, and industrial sectors with safe, cost-efficient, and timely transportation solutions.

Operating across all Emirates, DRBNA Transport has built long-term partnerships with leading contractors, developers, and industrial firms.

Our operations are backed by strong safety policies, certified procedures, and modern tracking systems to ensure transparency and flawless service delivery.

At DRBNA Transport, we don't just transport materials we deliver reliability, safety, and support the foundations of progress across the nation.

OUR MISSION

To provide dependable, efficient, and safe transportation and waste management services while continually upgrading our fleet and technological capabilities to meet UAE's evolving industrial and construction demands.

OUR VISION

To become one of the UAE's leading, trusted, and most environmentally responsible transportation companies, supporting infrastructure growth, sustainability, and innovation.

OUR CORE VALUES

RELIABILITY

We deliver on time every time.

SAFETY

The foundation of all our operations

CUSTOMER
FOCUS

Honest, transparent business practices.

INTEGRITY

Tailor-made solutions for each client

INNOVATION

Adopting modern technology and best industry practices

BULK EXCAVATION FOR COMMERCIAL PROJECTS

DRBNA specializes in large-scale bulk excavation for commercial and industrial sites. Our experienced operators and modern equipment allow us to remove and relocate large volumes of soil efficiently, ensuring smooth progress and timely readiness of project foundations.

RESIDENTIAL FOUNDATION & SUBDIVISION EXCAVATION

We provide precise and reliable excavation works for residential villa plots, housing communities, and new subdivisions. Our team understands the required depth, leveling accuracy, and site preparation crucial for strong and safe residential foundations.

DEEP EXCAVATION WORKS

Our expertise extends to deep excavation for utilities, basements, pump rooms, lift pits, and infrastructure systems. With strict safety procedures and skilled manpower, we execute deep trenching with control, accuracy, and full compliance with engineering standards.

UTILITY TRENCHING SERVICES

DRBNA offers professional trenching for water pipelines, electrical cables, drainage networks, irrigation lines, and other underground utilities. Our team ensures proper width, depth, compaction, and safe installation to support long-term utility performance.

We provide a complete range of transport and logistics solutions

CARGO TRANSPORT BY LIGHT TRUCKS

Our light truck division supports daily commercial and industrial movement needs across the UAE.

We Provide:

- Urban deliveries within cities
- Point-to-point commercial logistics
- Distribution between warehouses, suppliers, retail outlets
- Transport of light construction materials
- Express delivery for urgent items
- Temperature-controlled cargo (optional with clients' requirement)

Why Clients Choose Us:

- Fast and reliable delivery schedules
- Skilled drivers with UAE route knowledge
- Modern trucks with GPS tracking
- Flexible short-term and daily operations
- Cost-effective for small to medium loads
- This service is ideal for retail shops, warehouses, construction sites, manufacturers, and distributors.

HEAVY CARGO TRANSPORT BY TRUCKS

Our heavy truck fleet is the backbone of our transport operations.

Capabilities Include:

- Long-haul cargo movement across all Emirates
- Oversized and heavy-load transportation
- Transport of construction machinery
- Bulk industrial supplies
- Efficient loading and unloading coordination
- Dedicated fleet support for major contracting companies

Our trucks are fitted with:

- GPS tracking
- Regular maintenance schedules
- Safety-approved tie-down systems
- Professional, certified drivers
- We ensure smooth, uninterrupted transport operations even for
- high-volume and project-based requirements.

CONSTRUCTION & DEMOLITION WASTE TRANSPORT

We provide approved waste transport solutions that comply with UAE municipal regulations.

Services Include:

- Excavation waste transport
- Concrete debris removal
- Demolition waste transportation
- Recyclable material transport
- Delivery to approved recycling or landfill locations
- Regular project-site waste clearance

Our Strengths:

- Environmentally friendly waste management
- Compliance with all UAE waste regulations
- Timely and reliable service
- Modern vehicles designed for heavy waste loads
- This ensures construction sites remain clean, organized, and municipal-compliant.

BUILDING MATERIALS TRANSPORT BY ROAD

DRBNA Transport L.L.C. provides reliable and high-quality building materials supply for construction, infrastructure, industrial, and landscaping projects across the UAE. With a strong logistics network and a modern fleet of trucks, we ensure timely, accurate, and continuous material delivery directly to project sites.

Materials We Transport:

- Road Base
- Sweet Sand (Washed Sand)
- Black Sand
- Red Sand
- Gatch & Fill Materials
- Aggregates (All Sizes)
- Crushed Stones
- Gravel & Mixed Aggregates

Why We Are Trusted:

- High-quality materials sourced from certified quarries
- Fast and on-time delivery across all Emirates
- Modern fleet ensures reliable, large-volume supply
- Competitive pricing with consistent material quality

DRBNA ensures that every material delivered meets the required specifications, supporting contractors, developers, and project consultants with dependable and professional service.

EQUIPMENT RENTAL SERVICES

We provide a wide range of rental equipment to support construction and industrial projects.

Available Equipment Includes:

- Wheel loaders
- Lifters
- Skid-steer loaders
- Motorized construction vehicles
- Specialized machinery for loading and lifting
- Site-support utility equipment

Benefits of Renting from DRBNA:

- No maintenance cost
- Access to latest, well-maintained machines
- Immediate availability
- Cost-effective project operations
- Licensed and trained operators (optional)

This helps contractors reduce overhead costs while ensuring reliable machines on site.

OUR FLEET & TECHNOLOGY

DRBNA maintains a modern fleet designed for efficiency, safety, and reliability.

- Fleet Includes:
- Light-duty trucks
- Heavy-duty trucks
- Dump trucks
- Trailers
- Specialized waste transport vehicles

Technology Equipped:

- Real-time GPS tracking
- Preventive maintenance scheduling
- Fuel-efficiency monitoring
- Safety compliance systems
- Fleet management digital logs

Our fleet strategy ensures maximum uptime, reduced breakdowns, and transparency for clients.

HEALTH, SAFETY & ENVIRONMENT (HSE)

Safety is central to all DRBNA Transport operations.

Our HSE Practices Include:

- Strict compliance with UAE transport and waste laws
- Mandatory training for all drivers and operators
- Daily vehicle inspection reports
- Use of PPE across all operations
- Safe material handling procedures
- Zero-tolerance approach toward unsafe practices
- Emergency response readiness

HSE Objectives:

- Zero accidents
- Zero environmental damage
- Safe workplaces and transport routes
- Fully trained workforce
- Continuous improvement in safety standards

We maintain a clean safety record through disciplined and responsible transport operations.

GENERAL POLICY STATEMENT

DRBNA Transport is committed to maintaining safe working conditions, providing safe vehicles and equipment, and ensuring that all staff are trained to perform their duties safely and competently. The company is dedicated to preventing injuries, accidents, and work-related illnesses while conducting operations responsibly and efficiently. DRBNA Transport strives to meet and exceed customer expectations through continuous review and improvement of its processes. Safety and service quality are the guiding principles behind all business decisions.

POLICY

OUR CLIENTS

ONGOING PROJECTS

We support various ongoing operations including:

- Transport of raw materials for multi-tower residential developments
- Waste clearance for infrastructure and road projects
- Heavy transport for industrial factories
- Supply-chain support for construction contractors
- Dedicated fleet services for large-scale building projects
- These reflect our capability to handle continuous, high-volume, long-term project needs.
